Access your eWallet

The eWallet is an online wallet that provides secure access to prepurchased digital gift cards, funds and stored value discounts directly to your device, allowing you to redeem in store at any time.

Top Tips

Check if the gift card is physical or digital. Digital cards are stored in the eWallet, and physical cards are delivered to your specified mailing address.

The eWallet can be accessed by logging into the Estia4U portal at www.estia4u.com.au

Digital orders paid by preloaded cash in the eWallet or debit/credit cards are generally processed on the spot but can sometimes take longer, so plan ahead!

Avoid credit/debit card fees by preloading funds into the eWallet.

If you are experiencing log in issues please contact Estia Service Desk on 1300 153 823. For any other problems within the portal, contact Loyalty Corp on 1300 059 257.
